PARTNERSHIP INVITATION

Introducing INTERXDB — Barbados' First Exclusive Retail Auction & Deals App

Dear Massy Stores Management Team,

On behalf of INTERXDB, we are pleased to extend this exclusive invitation to Massy Stores Barbados to become one of the founding retail partners on the island's first dedicated business-to-consumer auction and deals platform.

INTERXDB owns and operates the complete digital infrastructure — the platform, the mobile application, all hosting, and all technical services. You simply list products — we handle the rest.

The platform is designed with one purpose: **to keep Massy Stores as the buzz word in every Barbadian household, 24 hours a day, 7 days a week** — whether your doors are open or not. Customers compete for your products through live auctions, driving excitement, urgency, and loyalty to your brand.

HOW THE PLATFORM WORKS

01 App-Only Marketplace All auctions, Deals of the Week, and Deals of the Month are conducted exclusively through the INTERXDB mobile app. No auctions appear on the public website.	02 Registered Businesses Only Only verified, registered retail businesses may list products. No individual or private sellers are permitted — ensuring a professional marketplace.
03 25-Item Weekly Limit Each store is allocated up to 25 items per week. This controlled supply creates scarcity, drives urgency, and maximises competitive bidding among your customers.	04 Free Customer Registration End-users register on the app at no cost. Stores promote the app in-store and across their social media and marketing channels to drive downloads.

INTRODUCTORY OFFER — NO MONTHLY COST FOR 60 DAYS

60 DAYS FREE	Zero Cost for Your First 60 Days Full use of the platform at zero monthly cost for the first 60 days. A \$500.00 deposit is required to secure primary advertisement placement within the app. This guarantees Massy Stores is featured prominently to all registered users from day one.

PARTNER OBLIGATIONS & PLATFORM CONDUCT

Store Partner Responsibilities

- Actively promote the INTERXDB app in-store and across all social media and marketing channels.
- Ensure all listed products are accurately described, available, and fulfilled upon auction completion.
- Honour all winning auction bids — failure to fulfil confirmed orders may result in suspension from the platform.
- Maintain professional standards of communication with winning customers via the platform.

User Conduct: Registered customers who fail to honour confirmed auction wins will be banned from the platform. Disputes are subject to review, with reasonable evidence from both parties considered before any action is taken.

We believe this partnership represents a significant and low-risk opportunity to extend Massy Stores' digital reach, engage a new generation of digital-first customers, and strengthen your position as Barbados' leading retail brand.
